Artec-506 DAS Svart Insta

Artec 506

2-way Passive System

1 x 6" + 1" Driver

200 W RMS 800 Peak

- Single 6" loudspeaker
- M-34 compression driver
- Vertical or horizontal positioning
- Threaded fixing points for wall mounts
- Pole mount accessories

The Artec 506 employs a single 6P woofer for low frequency reproduction. The M-34 compression driver provides brilliant highs. The birch plywood cabinet construction offers an ultra-compact design which is available in black or white. Precise coverage and control in either the horizontal and vertical position is possible thanks to the symmetrical 80° horn geometry. The cabinets can be permanently installed by way of the optional "U" brackets and accessories which allow for multiple configurations. Four threaded fixing points for the AXW-1 adjustable wall mount and stand mounting accessories augment adaptability. A robust steel grille internally lined with acoustically transparent filter cloth protects components.
