DSP-2060A 2in/6out, 256platser

DAS Ljudprocessor

The DSP-2060A is a powerful DSP based audio processor, ideally suited for install and live applications, where it combines the functions of a multitude of conventional products in a compact unit.

- 2 inputs and 6 outputs
- 9 full bandwidth parametric bands available on every output
- Crossover filters on each output offer 48 dB/oct response
- Adjustable gain on both inputs and outputs
- RS232 and RS485 ports for remote control via AudioCore software
