

PRS-2B250 Basic Amp 2x250W

Artikelnummer: 751751

PRS-2B250 Basic Amplifier 2 x 250 W

Amplifier for connection to PRS-16MCI (multi-channel interface).

- High efficiency class-D amplifier channel(s)
- Switched mode power supply
- Local audio inputs
- Mains and battery operation
- Complete supervision

The basic amplifiers are cost effective alternatives to the regular Praesideo power amplifiers, for situations where no built-in digital signal processing functions, such as equalizers, delay and AVC are required. They do not have a Praesideo network connection. Instead, these amplifiers are connected to the Praesideo network via the PRS-16MCI Multi Channel Interface, which provides the basic amplifier with audio signals and has full control.
